HE KILLED HIS WIFE AT A CHURCH DOOR

THEN WALTER SCOTT TURNED
AND SHOT HIMSELF.

Both Fell on The Sidewalk and Died
Side By Side a Minute Later—Police
Think They Know the Men
Who Robbed the Springfield Post-
office—Northwestern News.

Wichita, Kan., April 8.—At noon yesterday near the entrance of the Lincoln Street Christian church in full view of the entire congregation, Walter Scott shot his wife in the back of the head, then put the muzzle of the revolver in his own mouth and fired a bullet through the roof of his mouth into his brain. Both fell on the sidewalk and died side by side in less than a minute after the shooting.

Two or three women fainted on sight of the tragedy, and the greatest excitement took place. Mrs. Scott was leaning on the arm of her brother, who accompanied her to church, when she was shot. The police ambulance took them both to the undertaker's. Scott was 21 years of age and the wife was a handsome woman of 19. They were married two years ago, and he got in the habit of drinking. On this account she separated from him and returned to her father, who is superintendent of streets of this city. Scott went to Kansas City and returned a few days ago. He went to church in the morning and when the services were over he followed his wife down the steps, and accosting her said: "Won't you come back and live with me?" She said she would not, whereupon he whipped out his revolver and killed her before the astonished people could realize the situation. After the bullet left his revolver he whipped it around, and with the fire of a maniac in his eyes stuck it in his mouth and fired. Scott was a baker, and is the son of one of the old settlers and prominent citizens of Wichita.

POSTOFFICE THIEVES KNOWN.

Supposed to Be a Well-Known Gang and
Detectives Are After Them.

Springfield, Ill., April 8.—The expert thieves who looted the Springfield post-office Wednesday are known. A half dozen men in this town have identified their photographs and government detectives are after them. Three of them are well-known New York crooks and the fourth is one of the cleverest of England's bank snags. The four men have been in and out of Springfield for a month, and during that time have robbed a wholesale furniture house by blowing the safe open, and by drilling open the bank safe at Auburn, a few miles south of here, made another haul there.

United States Officer Gould arrived here the day after the postoffice robbery and the photographs which he carried of suspects were at once recognized as the men who are supposed to have robbed the office, by a number of persons. Of this number Postmaster Ridgely was one. These men under the pretext of opening a box which purported to contain papers to be filed in the Federal court, borrowed Ridgely's keys and secured duplicates. Although Mr. Ridgely denies he let them have his vault keys, yet he has identified the men beyond a doubt. Liverman Foster has also identified the man who hired the team at the Auburn bank robbery. Detective Gould knows all the men and is after them. He refused to divulge their names, but says two of them recently finished terms in the Sing Sing prison and the leader is a man the United States authorities have been after for ten years.

The men came here several weeks ago at the instance, it is imagined, of local crooks who planned the several robberies which they doubtless committed. It is asserted by local officers that the men are in hiding in this city, and that the stolen stamps and silverware secured at the postoffice have been shipped out.

Debs Returns from a Long Trip.

Terre Haute, Ind., April 8.—President Debs of the American Railway union yesterday returned from his trip to the Pacific coast. He says the American Railway union has taken on a new life in the west, and in addition to the reorganization of the local unions that went by the boards as a result of last year's strikes many new ones are being established. Director Goodwin, Hogan, and Kellher are now at work in the territory he covered, and he believes the returns will soon show a larger membership in the northwest and in Washington, Oregon, and California than existed before the strike. The railroad men of the far west, Mr. Debs says, are a unit in favor of free silver and will go with the political party giving the best assurance next year of securing free coinage.

Killed by the Blow of a Fist.

La Porte, Ind., April 8.—Henry Fahrheim, a house painter, 25 years old, was killed yesterday by a single blow of his father-in-law's fist. Fahrheim had for a long time terrorized his young wife, being especially abusive when drinking. At 1 o'clock while intoxicated he went to his home, where both families live in a double house. He at once commenced to choke his wife, and her screams awakened her father, Jacob Ott. He came to the room and without further ado struck Fahrheim a powerful blow in the head with his fist, knocking him senseless. He revived partly, but died an hour later. Ott then surrendered himself to the officers and was locked up.

Advance in Wages Ordered.

Willimantic, Conn., April 8.—General E. S. Boss, resident agent of the Willimantic Linen company, received instructions today from General Barbour, treasurer of the company, that commencing Monday, April 15, a general advance of 5 per cent in the wages of employees would take place.

ILLINOIS LEGISLATURE.

Forecast Gives Promise of Much Interest
in Bills to Be Handled.

Springfield, Ill., April 8.—The senate this week will be engaged with a number of measures which are sure to excite considerable debate. There remain but few appropriation bills on the calendar. One is Senator Dunlap's omnibus bill making appropriations for the expenses of the various state charitable institutions. The others are Senator Herb's bill appropriating \$68,400 for the erection of a monument to Illinois soldiers killed at Chickamauga, also his bill appropriating \$20,000 for a soldiers' widows' home, and Senator Mahoney's bill appropriating \$25,000 to erect a statue in memory of James Marquette. As there is little opposition to this measure it will probably pass.

For Tuesday Senator Crawford's bill to amend the pharmacy law is a special order after the reading of the journal. Senator Bogardus' bill to regulate the granting of relief to war veterans and their families is also a special order for Tuesday. It comes up on second reading. Wednesday the four park bills of Senator Morrison are a special order, and also Senator Anthony's bill to amend the law in regard to the exercise of the right of eminent domain. All are on third reading. Senator Litter's bill to punish persons or corporations forming pools or trusts is another special order for Wednesday. Senator Bartling's dental surgery bill is a special order for Thursday, as is also the senate joint resolution to amend the state constitution in respect to revenue. Senator Crawford's bill to regulate pawnbrokers' societies is a special order for Friday.

This week in the house is likely to be a dull one. The calendar is crowded with house bills on second reading and a fresh batch is added to the list nearly every legislative day. It is expected that the greater share of the time of the house this week will be devoted to getting these bills advanced to third reading. The committee work will be pretty much cleared up at the end of three weeks and then the house will begin holding afternoon sessions. Mr. Kitzmiller's resolution denouncing the pension policy of the present national administration has been made a special order for Thursday.

NEBRASKA RELIEF.

Warrants Appropriating \$200,000 Not
Salable in New York.

Lincoln, Neb., April 8.—Word was received here yesterday from New York city that the warrants issued under House Bill No. 252, appropriating \$200,000 to the various needy counties of the state, were not salable in New York, nor would they be until the legality of the issue was decided by the Supreme court of Nebraska. They request that the attorney-general obtain a proforma recognition from the Supreme court, after which the bond buyers will likely accept them. As this is not likely to be done, the only thing left for the state to do will be to cash them out of the school funds and hold them at 5 per cent interest. Up to date not one of these warrants has been sold. The relief commission has received \$500 more from Dr. Klopff of New York, making \$6,000 in all. President Nason estimates that it will require about sixty days to close up the business of the bureau. He says that, with the exception of garden seed the warehouse is pretty well cleaned out. There are twenty-five carloads of seed wheat en route from Pennsylvania.

TO CIRCUMVENT ENGLAND.

How Nicaragua Can Evade Paying for
Consul Hatch's Expulsion.

Washington, April 8.—Senator Morgan thinks the purpose of the English government in sending a battleship to the Nicaraguan coast is to enforce the demand which will probably soon be made for the indemnification on account of the explosion of Consul Hatch, and that if it is refused the Royal Arthur will secure the indemnification by collecting the customs duties on Nicaraguan imports. In that event, he thinks, Nicaragua's wisest course would be to convene her congress and pass a law for the admission of all imports free of duty. In conclusion he said: "The other nations would never consent that their exporters to Venezuela should pay duty to England in the absence of a tariff in Nicaragua and England's policy would be effectively blocked."

Rain Helps Crops in the West.

Yankton, S. D., April 8.—Rain has fallen here constantly for thirty-six hours, and the ground has not received such a soaking for three years.

Terre Haute, Ind., April 8.—There has been a heavy rainfall in this part of the Wabash valley from Saturday noon until last night.

Arcola, Ill., April 8.—For two days there has been almost incessant rain. Oats, wheat, and alfalfa crops were suffering.

Detroit, Mich., April 8.—Copious rains fell throughout Michigan yesterday and last night various sections of the state report the fall still in progress.

Pray for Him and Leave Him to Die.

Lexington, Ky., April 8.—Bill Bryant, a Breathitt county killer, while under the influence of moonshine whiskey fatally shot John Couch, fifty miles east of here. A revivalist was holding a meeting near by. He and his congregation went to the wounded man, and for half an hour sang and prayed over him. He was wounded in the back and head, but retained sufficient consciousness to profess religion. After he had made his peace with God the preacher and congregation left him lying in a pool of blood by the roadside and went home. Friends came to him and took him to his father's house, several miles away. Bryant is in custody.

Banker Donohue Dead.

San Francisco, Cal., April 8.—Joseph Donohue of the banking firm of Donohue, Kelly & Co., died last night. He was one of the pioneer bankers of California.

CAMPOS IS COMING WITH MORE TROOPS

THE INTURGENTS PLAY A
WAITING GAME.

Spanish Are Watching to Prevent the
Landing in Cabbia of Rebel Leaders
From Other Ports—Troops Sent to
Guard the Plantations—Home Rule
Party Condemn the Revolution.

Havana, April 8.—There is keen anticipation among the Cubans, for Gen. Martinez Campos with \$2,000,000 troops, and a large personal prestige is now on the ocean and bending sail hither. Havana, always accustomed to military, has not been vividly impressed by the landing of the troops from Spain. The repression of the Havana papers results in ignorance of details if not of facts of the eastern districts, and so, while the people look on and are interested in the show, they feel they have no personal part in the matter. At any moment now the steamer Ignacio de Loyola from Cadiz with 1,145 men and the Ciudad de Santander from Corunna with 845 men may enter the harbor. The Spanish cruiser Sanchez Barcaeztegui entered the harbor yesterday and left to-day. It is hovering along the coast.

Utmost vigilance is exercised by the government to prevent the landing in Cabbia of rebel leaders from other parts. The government especially desires to intercept Maceo. There is positive information that Maceo is now on the island and that the other leaders will come later. There is a waiting campaign. They make a sortie against some village and if troops appear they hustle out of sight. There are between 5,000 and 6,000 rebels who have rifles and cartridges within their reach. Climate and sickness are relied upon as allies a little later on. Already the government troops are scouring through Mazanillo and troops are being sent to guard the plantations. The government has removed the duties of 30 cents hitherto imposed for the vise offering passports. The reason is not stated.

The Autonomist party has just issued an important manifesto. It declares that all the political parties condemn the rebellion, advocates that peace be maintained by all Cubans, and calls upon them to use their best efforts to restore tranquility.

Condemn the Rebellion.

Madrid, April 8.—The Cuban home rule party here has issued a manifesto condemning the rebellion in Cuba, expressing loyalty to Spain, and proffering assistance to crush the rising.

CHOLERA IS DECREASING.

General Falling Off in Brazil—No Yet-
low Fever Expected This Year.

Washington, April 8.—The report of Surgeon-General Wyman for this week shows that cholera is decreasing in Austria-Hungary and that it has entirely disappeared from Galicia and Prussian Silesia. Dr. Cleary, United States Sanitary Inspector at Rio de Janeiro, reports a general decrease of cholera in Brazil, except in the state of Espirito Santo, where there has been a marked increase in cases occurring in one week in two villages alone. It appears, he says, to be following the course of the Parahyba river and to be slowly moving northward from that stream. Dr. Cleary thinks it safe to say there will be no epidemic of yellow fever in Rio this year, as the cool season is near and whenever in previous years there has been no great number of cases up to this time it never appears to any great extent.

In Honor of the Ninth at Shiloh.

Mascatiah, Ill., April 8.—Among the 10,000 people at the national reunion of the Shiloh battlefield in Tennessee yesterday was a special committee from Illinois, whose purpose was to select a proper site on the battlefield to erect a monument in honor of the famous Ninth Illinois regiment. The Ninth regiment bore the brunt of the battle at the first day's fight in Shiloh and sustained a loss of killed and wounded that day unparalleled in the history of any regiment in the war of the rebellion. The monument will be selected and erected under the direction of the Ninth Illinois Infantry association.

New Basis for Oil Distribution.

Duluth, Minn., April 8.—Arrangements are being made for the construction at the head of the lakes of two great oil storage tanks by the Standard Oil company. This year the Standard will make Superior its general distributing point for the Northwest. The introduction of the scheme for carrying oil in bulk on the lakes has hastened matters in this connection, and one of the oil boats now building in the shipyard in this city will ply exclusively between the ports of Superior and Chicago.

Endowment Rank Knights Are Safe.

Lima, Ohio, April 8.—The City National bank of Fort Worth, Texas, that recently failed had on deposit \$148,000 belonging to the Endowment Rank, Knights of Pythias. In an interview Supreme Chancellor Richie says the funds are well secured and that the order will not lose anything. He also says the society has ample funds in other quarters to meet all obligations.

Bandit Leader Caught and Disgorged.

Denver, Colo., April 8.—William Connors, leader of the gang of bandits which terrorized and robbed a gambling house of \$615, has been captured in this city. He has confessed and returned about two-thirds of the booty. The other two members of the gang were captured at Aspen Junction.

To Marry an American.

London, April 8.—It is again announced that Lord William Beresford will marry the widowed duchess of Marlborough, formerly Jane Lillian Warren, daughter of the late Commodore Price of the American navy, and widow of Louis Hamersly of New York.

TERMS ARE NAMED TO END THE WAR

JAPAN HAS SUBMITTED A
PEACE PROPOSITION.

Representative English Journals Think
Powers Will Not Object—Continued
Fighting in India—Balfour Goes
to Stand Trial—New Scheme to
Reform Armenia.

Paris, April 8.—It is stated on reliable authority that Japan has proposed the following conditions for the conclusion of peace:

The independence of Corea; the cession of Southern Manchuria, including Port Arthur; the cession of the Island of Formosa; the opening of Chinese ports and rivers to commerce; the payment of an indemnity of 400,000,000 yen; and the occupation of a number of strategic points until the indemnity shall have been paid.

London, April 8.—The Times, in an editorial on the latest report of Japan's demands, says it considers Japan is justified in imposing these conditions, and adds that the British cannot object to the occupation of the Liao Tung peninsula.

The Daily News says it thinks the proposals are likely to meet with the general approval of the European powers.

BRITISH AND SWATIS FIGHT.

One Hundred of the Enemy Killed—An-
other Battle Expected.

Simla, April 8.—A considerable number of fanatics from Upper Swat have joined Umra Khan of Jandol, who is leading the forces against the British, and a big fight is expected to-day. Later advices from the front say the British have crossed the Swat river and captured Thana. Umra Khan's forces charged a force commanded by Umra Khan's brother. The enemy lost 100 men. The British loss was slight.

The enemy stoutly resisted the British attempts to throw pontoons across the Swat river. The Swats occupied the heights commanding the river and kept up an ineffectual fire on the engineers and others employed in placing pontoons in position. Umra Khan's brother was present with a large number of fanatics. The British advanced and forced a passage of the river. Then the Eleventh Bengal Lancers made a brilliant dash and crossed the river. They at once attacked the enemy, who retreated. The lancers pursued them to Uck, killing 100 of them. The Fourth and Fifteenth Sikh regiments then crossed the river and occupied Chakrana. The Scottish borderers forded the river at a point a mile distant from where the pontoon bridge was placed and captured Thana with little trouble. The British loss was one sapper and a few other men killed. A number of horses were also killed. One thousand camels with the transport train have succeeded in crossing the Malakand pass and have arrived at Kahr.

Balfour Goes to Stand His Trial.

Buenos Ayres, April 8.—Jabez Spencer Balfour, whose extradition to England was granted a few days ago, sailed hence yesterday on the steamer Tartar Prince. Despite it was generally believed he made enormous sums of money out of the building societies in which he was interested he is said to have left Buenos Ayres in a penniless condition. Miss Freeman, who was his companion in this country, will follow him to-morrow, sailing on the steamer Maori. The charge on which extradition was sought was that he had fraudulently obtained £20,000 from the House and Land Investment Trust.

No Scheme for Reform in Armenia.

Constantinople, April 8.—Sir Philip H. Currie, the British ambassador, had two long conferences with the sultan recently on Armenian affairs. The report that the porte had prepared a scheme of Armenian reform was premature, but the government has decided to appoint a high commission of inquiry, with a Turkish president, to discuss reforms for Armenia. A majority of the embassies and legations here are now convinced of the truth of the reports of the Armenian atrocities and have joined England and Russia in protesting against them.

Li Hung Chang's Wounds Has Healed.

Shimonoseki, Japan, April 8.—The wound in the face of Li Hung Chang, the Chinese peace envoy, who was shot March 24 by a patriot fanatic, has now completely healed. It is officially announced that Liu Hung Ching Fung, son of Li Hung Chang, has been appointed a Chinese peace plenipotentiary to assist Li Hung Chang. Japan has formally accepted him as an envoy.

Prince Komatsu, commander-in-chief of the Japanese army and navy, will leave Hiroshima Wednesday next to establish his headquarters in China.

Deny Impending Massacre of Christians.

Paris, April 8.—Officials of the Turkish embassy here say with reference to the dispatch of American warships to Alexandretta and Adana, Syria, there is no truth whatever in the report that a massacre of Christians is impending. They declare perfect order prevails in Syria.

Dead Train Robber Recognized.

Oklahoma City, Okla., April 8.—The remains of the Dover train robber were brought here yesterday and were recognized as those of William Blake, alias Tulsa Jack, one of the most desperate members of the old Dalton gang. He was concerned in the hold-up of the Santa Fe train at Sylva, Kan., last year. The remaining members of the gang are still at large.

Rob a Ticket Office.

Auburn, Ind., April 8.—Two masked men robbed the Lake Shore and Michigan Southern ticket office, obtaining \$20 and escaped.

GOVERNOR IN A FIGHT.

Disgraceful Scene in a Hotel Lobby at
Little Rock, Ark.

Little Rock, Ark., April 8.—Gov. James P. Clarke and Representative W. R. Jones of Marion county had an altercation in the lobby of Gleason's hotel yesterday afternoon which came near resulting in a very serious affair. Saturday when the charges of bribery were made against certain members in connection with the railroad commission bill Mr. Jones rose to a question of privilege and stated that Gov. Clarke was responsible for the charges; that he had gone about in the dark, like an assassin, a knife up his sleeve, stabbing in the back men who were his peers in every respect. About 2 p. m. yesterday Gov. Clarke called at Gleason's hotel, where he met Jones in the lobby. He requested a private interview with Jones that he might have an understanding with him. Jones replied that he would go nowhere with him and that if he had any business with him he could transact it where they were. This angered the governor and he spat in Jones' face. Jones spat back at the governor, who drew a large pistol, but was prevented from shooting by several bystanders. Clarke was arrested by a constable, but was released on his own recognizance. The governor will plead guilty in a justice court to assault.

GENERAL RAIN DOES GOOD.

The Drouth Stricken Portions of Ne-
braska Especially Blessed with It.

Omaha, Neb., April 8.—Heavy snows and rains have prevailed in Nebraska sixty hours. The rains of the last two days have completed the work commenced a week ago, and every section that was skipped in the first downpour was given the benefit of the later rain. In the drouth-stricken region of last year rain has been the most abundant. From Nuckolls county west, taking in the vast area covered by the counties of Adams, Webster, Franklin, Kearney, Harlan, Buffalo, Dawson, Phelps, Furnas, Frontier, Redwillow, Lincoln, Hayes, Hitchcock, Chase, Dundey, Perkins, and Keith, and in fact across the state to the northern boundary the fall has been heavy. The dried-up counties along the Kansas, Colorado, and South Dakota borders have been wet to an extent in excess of any experienced in two years. Ten inches of snow has fallen in the western counties.

For a Bimetallic Conference.

Helena, Mont., April 8.—Gov. Rickards has inaugurated an educational campaign on the silver question, in line with plans formulated by himself and Thomas G. Merrill. The intention is to place bimetallic literature in the hands of voters throughout the Union, this course being deemed more effective than any other plan of reaching the intellect and conscience of the citizen. The governor has arranged for a conference to perfect an organization which will be held in Salt Lake City May 15. He has sent a letter to the governors of California, Oregon, Washington, Nevada, Idaho, Wyoming, Utah, Arizona, New Mexico and Colorado, asking them to appoint three delegates to attend the conference.

They Both Have Something to Lose.

London, April 8.—The Times in an article on Canada and Newfoundland says every commercial argument used in Canada in favor of federation with Newfoundland forces from the latter's point of view an argument against federation. Both Newfoundland and Great Britain have something to lose by the confederation. It is well in the interests of every one concerned that the opponents of federation should entertain no delusion. "To endeavor to shift the responsibility for Newfoundland's misfortunes to the shoulders of the Imperial government and to continue to ask reproachfully for help in a form which circumstances absolutely forbid is absolutely childishness."

Florida Negro's Ready Revolver

Jacksonville, Fla., April 8.—Alexander Simms, alias Brit Glenn, alias Kim Charlie, a negro, shot and killed a young colored boy, Napoleon Stacks, Saturday night. The officers chased the murderer to a barn in the eastern part of the city, when Simms opened fire on them and they returned it. Policeman Minor was shot in the breast and killed almost instantly. Lieut. Minor, his brother, was shot in the left leg. Two negroes, who had joined in the chase, were also shot, one fatally. It is thought Simms fired seventeen shots and then gave himself up. A crowd wanted to lynch him, but he was taken to St. Augustine and placed in jail.

Old Soldiers Revolt.

Nashua, N. H., April 8.—The pensioned soldiers at the state soldiers' home, whose pension money, except \$2 a month, under the rules of the home, is kept by the management, have rebelled, stating that they will refuse to turn over the money when it comes this week and that they will leave the home.

Train Robbers Set a Prairie on Fire.

Wichita, Kan., April 8.—The Rock Island train robbers are now in the Gloss mountains region and have set the prairie on fire behind them in order to baffie their pursuers. There being a high wind the fires have covered an immense area of territory and the marshal's posse cannot advance.

Half the Vote Cast by Women.

Helena, Mont., April 8.—School elections were held in all the principal towns of the state Saturday and were remarkable from the fact that in most of the cities half the vote was cast by women. So far as known but one woman was elected trustee, and that was in Helena, Dr. Maria M. Dean being the successful candidate.

Electric Works Burned.

Newark, N. J., April 8.—The works of the Croker Wheeler Electrical Supply company at Ampere in East Orange were destroyed by fire yesterday. It is estimated that the loss will foot up little less than \$100,000. Insurance, \$40,000. The origin is unknown.

TAX HALF AND HALF THE COURT SAYS

THE INCOME DECISION AT LAST
HANDLED DOWN.

While it Exempts the Revenue Re-
ceived From Rents and the Interest
On Bonds, It is Held to Be Con-
stitutional As to The Other
Provisions.

Washington, April 8.—The supreme court of the United States has rendered the income tax decision, holding that the law is constitutional except as to the income derived from rents and interest on bonds.

DON'T TIE UNCLE SAM.

United States Not Committed to Nic-
ragua Canal Scheme.

Washington, April 8.—The appointment of a commission of engineers to make an investigation and rough survey of the Nicaragua canal by route on behalf of the United States is being hastily construed by interested parties as committing the government to the project. In a sense, the assumption is logical and correct. The action of congress in authorizing the survey and of the President in appointing the engineers to do the work is evidence of a very friendly interest in the canal and may be accepted as a national demonstration in its favor, but it does not "commit" the government to an indorsement of any particular canal scheme. It shows that this government would be glad to contribute to the enterprise, and that under certain circumstances and conditions it might back the construction of the canal, but it does not follow that congress will pay \$30,000,000 or \$40,000,000 for the privilege of reimbursing private persons or a private corporation to the tune of \$8,000,000 or \$10,000,000 alleged to be invested in the canal as a preliminary to taking up the work as a government project.

Warner Miller, Hiram Hotchkiss, Burlew Weed, Mr. Bartlett and their associates claim to have put not less than \$8,000,000 into the canal up to date. The bills that were before congress last winter contemplated the repayment of this sum and the additional gift of \$30,000,000 out of the total capitalization of \$100,000,000 as payment for concessions, such presentation being a condition precedent to the issuance of \$70,000,000 to \$90,000,000 government bonds with which to build the canal. Now, the government being under no moral obligation to relieve Messrs. Miller, Hitchcock and company from their bad investment or to pay them \$30,000,000 for badly managed and shop-worn concessions, congress turned the proposition down and the President only gave the measure a half-hearted support. The President is heartily in favor of a Nicaragua canal and is firmly convinced that it would be of incalculable advantage to the republic, but he would like to see affairs so shaped that the government would back a canal scheme free from private entanglements—a project beginning cleanly from bedrock.

Income Tax Case Reopened.

New York, April 8.—A special to the World from Washington says an extraordinary conference of the justices of the United States Supreme court was held yesterday to consider the income tax appeals. Chief Justice Fuller's rough draft was further discussed and the decision is reported to have been reopened for argument on certain features. This has given rise to the impression that the deadlock on the main points in the statute may be broken or the decision withheld for additional modification.

Gulf Road Will Build.

Denver, Colo., April 8.—The period of ten days given the Denver & Rio Grande Railroad company by the United States district court to sign a contract reducing the trackage charges to the Gulf road from \$185,000 to \$110,000 a year has expired, and as the Rio Grande has not complied Receiver Trumbull of the Gulf is now required by order of the court to build a new road between Pueblo and Trinidad to fill up the gap in the Gulf system. He is authorized to sell \$300,000 of receiver's certificates for this purpose.

Destructive Storm in Georgia.

Athens, Ga., April 8.—This section of Georgia was visited by two destructive hailstorms within the last twenty-four hours. Hailstones as large as hen eggs descended and wrought great damage to fruit and garden plants. The rain fell heavily and was accompanied by a strong wind. Particulars as to the true extent of the damage are meager, but it is thought that the storm will prove one of the worst that have occurred in years.

Minister Ransom Rests Easy.

Mexico City, April 8.—United States Minister Ransom was resting easier at last accounts, but a large carbuncle has developed on his neck. This, with extreme hoarseness, which troubles him, will prevent him taking active part in the duties of his new office for a week or so.

Will Test Woman's Suffrage Law.

Columbus, Ohio, April 8.—C. C. Nichols and G. W. Brown, defeated candidates for the school board at Wilmington, Ohio, will appeal to the state supreme court as to the constitutionality of the law allowing women to vote. They were badly beaten by Mrs. West and Mrs. Mills.

Sixteen Men Killed by an Explosion.

London, April 8.—A dispatch to the Times from Calcutta says that sixteen men were killed by an explosion in the Kolar gold mines in Bangalore.

Decide to Strike.

Providence, R. I., April 8.—The operatives of the Atlantic mills decided by a vote of 153 to 17 to give notice of a strike to be begun Wednesday morning.

YEAR OF HOT RACES JOHN KELLY SAYS

JANESVILLE DRIVER INTERVIEWED AT NEW YORK.

The Records Will Probably Go Down On All Sides—Old Timers' as Good As the New Phenomenals If They Had the Same Advantages—Interesting Talk About The Flyers.

The year 1895 will be one of record breaking on the light harness tracks. Such is the prediction of John Kelly, who acted as spokesman for a distinguished lot of horsemen in an interview published by a New York paper. "I have great hopes for the lowering of the record this year," said Mr. Kelly, "and though I do not fail to take into consideration the real meaning of the assertion, I should not be surprised at a mark very near two minutes. Of course there is a limit to everything in this world, and the limit to harness speed is bound to be reached sooner or later."

"What horses are likely to be the record-breaking stars this year?"

"Well, in trotting, the star of last year, Alix, may do it if she comes over the mountains all right. If she doesn't perhaps Fantasy, the champion four-year-old will. Directum might get there too—it wouldn't surprise me a bit if he should, unless something should happen to put him out of condition. We all looked for something great from Ralph Wilkes, the speedy horse that died the other day."

"Among the pacers, Robert J., the holder of the present best mark of 2:01; John R. Gentry, 2:03; and Joe Patchen with a mark of 2:04, stand the best chances at present of bettering the record, though it's pretty early to tell yet. I do not think now of any of the other speedy pacers that are likely to do better than those I mentioned unless it be Directum, the two-year-old, with his mark phenomenal for so young a horse, of 2:07. He is a great young horse, and he is liable to come to the front like a whirlwind."

Trainers and Tracks Improve.

Mr. Kelly expressed his faith in the pneumatic tire, ball bearing sulky as a time-saver, by expressing his belief that had Maud S. been given its benefits she would have been an Nancy Hanks, an Alix or a Directum, as fast as the fastest. Perhaps she might have been a 2-minute horse.

"Trainers have improved faster than the horses; but I ought to qualify that a little," said Mr. Kelly. "The best horses of the past were almost as good as those of the present. I believe that under modern conditions not only Maud S., but Dexter, Lady Thorne, American Girl and several others of the old-time monarchs of the harness turf would be in the same class as the royalties of today, but as everyone knows, the number of fast horses has increased enormously."

"Breeding has done a good deal for the lowering of the record, and of course has also had much to do with the phenomenal increase in the number of speedy animals, but as I have said, quite as much has come by reason of the improvement in methods, harness, sulkies and tracks."

"For the general improvement of the horse perhaps the breeding of the last few years has been too fine. It has made horses that can go single miles at a speed that even Robert Bonner thought impossible only a few years ago, but none of these record horses could probably do what the five mile and repeat horses of Hiram and Isaac Woodruff's time used to do, and so the grade of the gentlemen's road horses has not improved in any degree approaching the improvement that has been made by the track trotter."

Pacers Growing in Favor.

Mr. Kelly said that pacers were growing in favor, he thought. When asked how many tracks there were in the country, he said the year book registered about 1,000 which he valued at about \$30,000 each, or \$30,000,000 invested in tracks alone.

"The number of persons who are supported by the trotting horse, including those who breed, drive, care for, sell, furnish supplies and all, must be also exceedingly large," he continued. "It's a pure guess, but I don't say that half a million would be far out of the way, and that would be one in every 160 of the total population of the country, counting it at 80,000,000."

"I believe if the pool box were to be entirely suppressed, harness racing would receive a terribly severe blow, though there are places where the attendance would be large enough to keep things going."

It should be said that there are a

few horsemen who think the abolition of the pool box would be a good thing for harness racing in the long run. If this should be brought about this year in New York state, however, they believe that all the Empire state tracks, save Fleetwood, would be very badly off.

Mr. Kelly's views were corroborated by C. H. Nelson, "Old Man" Bishop, "Knap" McCarthy and several others, the article says.

B. H. Bowman, Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby the only one we have was taken sick with the croup. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. C. D. Stevens.

THIGH RIPPED OPEN BY A PLOW POINT

FEARFUL ACCIDENT THAT BEFEL EDWARD MARTIN.

While Plowing With a Sulky Plow He Topped From the Seat and the Keen Edged Share Tore a Gash a Foot Long—Walked a Mile and a Half Afterward.

With a stream of blood spurting from a gash in his leg fully twelve inches long Edwin Martin walked a mile and a half, from a field in which he was at work plowing to his town of Harmony home, Saturday afternoon, his course through the fields being plainly marked by stains of his own blood.

Mr. Martin had left the house to plow in a field a mile and a half distant, using a sulky plow. He had just commenced work when by some accident he was thrown from his seat striking the ground directly in front of the plow. The sharp point struck him in the fleshy part of the thigh, tearing his thigh and leg open. Notwithstanding the blood that trickled from the ugly wound, Mr. Martin left his team in the field and started for home. He was weak and faint from the loss of blood when he reached the house and messengers were hurriedly dispatched for a surgeon. The flow of blood was finally stopped, but the wound is a dangerous one, and came within a thread of proving fatal, although Mr. Martin was resting comfortably yesterday. He will be laid up for some time, the cut being fully a foot long, and in places it penetrated to the bone.

Home Industry.

Since the firm of Johann Hoff, of Berlin, formed a syndicate with their agents, the Eisner-Mendelson Co., of New York, to erect a plant in the United States for the manufacture of the celebrated Johann Hoff's Malt Extract, in 1892, the sale of the article here has increased enormously, and it has become a standard commodity on the American market.

The plant erected is one of the best equipped of its kind, and has a capacity to turn out nearly 10,000,000 bottles annually. The article manufactured here is in every way superior to the one formerly imported, as the machinery and equipment of the plant is of the newest and best, and the material used, of the choicest.

This only proves that anything undertaken in the United States is always on a larger scale than in the old country, even with an article that originated abroad nearly fifty years ago.

COURT WILL SOLVE AN OLD WILL CASE

AN INTERESTING CONTEST BEFORE JUDGE BENNETT.

John W. Cole's Complicated Will Left The Income of His Property to His Family After Which the \$80,000 Was to Go to the City of Watertown.

Judge Bennett will pass upon an interesting case at Jefferson, April 10 and upon his decision \$80,000 is hanging.

When John W. Cole one of the first settlers of Watertown, died in February, 1894, he left a will providing for the disposition of about \$80,000 worth of property, mostly real estate. This was only about a third of what he was generally considered to be worth, the balance having previously been disposed of. In his will Mr. Cole virtually bequeathed this \$80,000 worth of property to the city of Watertown but it was placed in the hands of three trustees named by the testator, to be held in trust by them for the benefit of his wife, Eliza C. Cole, and his son, Oscar A. Cole, during their natural lives, and at the death of both of them the city then to gain possession of the same. The will, however, is an extremely odd and complicated one, containing many conflicting parts and its mysteries have baffled the best legal talent, some even having declared it to be invalid. If the latter be true, the city would of course lose its interest in the will and the property be divided among the lawful heirs. In view of the uncertain points in the will the executors, D. H. Beurhaus and William Humphrey, have begun an action in the circuit court before Judge Bennett for an opinion as to its proper construction, the beneficiaries, Eliza C. Cole, Oscar A. Cole and the city of Watertown being made the defendants. The hearing is to occur on April 10 at Jefferson.

The Bequests Made.

Mr. Cole's will designated his bequest to the city to be put to the following uses: A certain portion of the property to be sold for the erection and maintenance of a public library and business men's club; the farm directly north of the city to be set apart and maintained for a public driving park and agricultural grounds; twenty acres in the Seventh ward for a home for the aged and poor people of Watertown; the homestead in the First ward for an old ladies' home. The latter property was to be conveyed to the city as soon as possible. What was deemed ample provision was made for the maintenance of these several institutions.

The will states: "In event the city declines to accept the property in trust for the purposes named, then my trustees are directed to sell said property and divide the proceeds among the next of kin accordingly to law."

Acting upon this instruction the executors in their summons and complaint state that the time has arrived for the division of the property among the lawful heirs, inasmuch as the city has thus far declined to accept the endowment. On the other hand the mayor and city clerk claim that a deed to none of the property has as yet been offered the city. It is presumed that after Judge Bennett renders his opinion in the matter of the construction of the will, an appeal will be taken to the supreme court, regardless of whose favor it is in, and thus the controversy kept in the courts for a long time to come.

EMBARRASSING.

Predicament in Which the Church-Goor Found Himself.

Anybody seeing the major coming down the middle aisle of a Sunday morning, with his erect form, his semi-military frock coat tightly buttoned, his rubicund countenance actually emitting rays of red light, would never have imagined him to have passed the meridian of life more than twenty years ago, and people said, "he is well preserved."

But the secret of the major's fountain of youth was his hair. It was not his own, but it was so black and glossy, so well curled, and looked so virile, that the major thought nobody ever imagined it was a wig.

So, as he sat in his pew on this particular Sunday morning, the sunlights turning his shining locks yellow and green and purple as it struck through the colored windows, he was supreme in the tranquility of his youthful appearance and his deceptive hair. One by one the elders filed down the aisle and took up the little collection boxes with their long handles. Of course everyone has seen these little arrangements and how they are lifted from pew to pew over the heads of the occupants.

As the pass was made in the case of the major, the manipulator miscalculated his distance, and, catching it in the major's hair, passed it on to the next seat, with the major's wig hanging to it.

Consternation seized the major, and his sang froid completely deserted him, and a suppressed giggle only made matters worse.

Hastily arising, he made a grab for his vanishing tresses, and with a spasmodic jerk he clapped it on his bald pate, but the wrong end foremost. This was the last straw, and catching up his hat he left, with more haste than grace.

MRS. GEORGE O. FORD NOW ON THE STAGE

MADE HER INITIAL APPEARANCE AT MEMPHIS.

At Present She Plays Minor Parts With Wilson Barrett In "The Sign of the Cross" and Mr. Barrett Says She Has Great Talent and Will Be Successful.

Mrs. Florence Lillian Wickes-Ford is now on the stage.

Dispatches to the Chicago papers from Memphis, Tennessee, say that she made her bow on the professional stage Saturday evening at the Lyceum Theater, appearing in "The Sign of the Cross" with the company of Wilson Barrett.

"I see nothing in connection with this move of Miss Wickes which could particularly interest the public," said Mr. Barrett to a reporter. "It came about solely through the instrumentality of the theatrical manager, John W. Norton, who was my friend. He was killed in a railroad wreck some time ago. He had requested me to give certain proteges of his trials, and Miss Wickes was among the number."

"I had occasion, thereupon, to judge of her talent, and found her to possess unmistakable ability and I am glad to name her with my company. She has great talent, and I have no doubt as to her future brilliant success as an actress. At present, of course, she essays only the junior parts."

"FIRELIGHT," by Frank H. Benson, which is one of the many fine paintings on exhibition at the Windsor Hotel this week, is a masterly production. Such remarks as "Isn't she a beauty?" "How aristocratic and unconscious!" "So crisp and pure in color!" "Those mellow shadows!" "It's high class work," etc., are heard as the admirers gather about this grand work of art.

HAVE you ever worn a pair of our Dutchess trousers? They are as shapely in cut as any first class merchant tailor can make a pair and we will replace with a new pair any pant that rips. Pretty good offer isn't it? We have them in many neat patterns in stripes, checks and hair lines at \$2, \$2.50, \$3 and \$3.50. Don't confuse the Dutchess with any pant that is advertised by the cheap tailors at \$3 to \$5 they are better. We can prove it. Zeigler.

A YOUNG GIRL SANG BY MEANS OF SIGNS

IMPRESSIVE SCENE AT ST. JOHN'S CHURCH.

"Nearer My God to Thee" Rendered With Nimble Fingers By Emma Richter, a Deaf Mute at the Confirmation Exercises—Class Also Joined the Church at St. Paul's.

Confirmation exercises were held in two Janesville churches yesterday—St. John's and St. Paul's Lutheran—and at the former there was an impressive and unusual scene. Among the class that took the obligation of membership was Miss Emma Richter, a deaf mute who sang "Nearer My God to Thee" by means of the deaf and dumb alphabet. No sound came from her lips yet it was plainly apparent that the song was rendered by nimble fingers with as much feeling as if a swelling organ had added inspiration to the voice. The church was very prettily decorated and the girls in the class were dressed in white. The class confirmed was composed of:

Masters—Charles Kueck, Eddie Kienow, Misses—Emma Richter, Tillie Diehls, Rosa Rush, Anna Lindholm, Louisa Bornmann, Anna Barthling.

At St. Paul's church a class of seventeen were confirmed, the service being conducted by Rev. C. J. Koerner, the pastor. Flowers were used in profusion in the decoration of the church edifice and the young people who composed the class were as follows:

Masters—August Eisner, Walter Schumaker, Otto Thom, Charles Glass, Albert Lentke, Frank Nickel, Fred Richter, George Schultz, Bernard Zempke.

Misses—Elisa Ruch, Louise Tetzloff, Emma Wachlin, Augusta Bloedorn, Louise Passelt, Martha Medick, Ida Petter, Eliza Wilde.

A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

NEW SENATORS.

Here Are Pictures of the Men Elected in Seven States.

One of the greatest surprises among the recent senatorial contests in various states was the election of Lucien Baker to succeed Senator Martin of Kansas, inasmuch as Mr. Baker was not a candidate for the office. He is a resident of Leavenworth, where he is a successful lawyer and has long been prominent in the councils of the Republican party. Mr. Baker was born in Fulton county, O., in 1846 and was educated in Michigan. He has been city attorney and state senator.

John M. Thurston, elected to succeed Senator Manderson of Nebraska, is accounted one of the best lawyers in

Julius Caesar Burrows, the new Michigan senator, has long been a conspicuous Republican leader in the national house of representatives. He is a native of Pennsylvania and is now 58 years old. He served three years in the Union army and Julius C. Burrows, moved to Michigan in 1865. In 1874 he was elected to the Forty-third congress and has served 16 years in that body.

Jeter C. Pritchard is the first Republican to represent North Carolina in the United States senate for 22 years. He was born in Jonesboro, Tenn., July 12, 1837. He moved to Bakersville, N. C.

FOR SALE
A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 6000 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$5,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis. except the large elevator which is at Lake Preston, S. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

"Envy is blind and knows nothing except to depreciate the excellence of others."

"Who dares not speak his free thoughts is a slave."

Why Are They Boycotted?

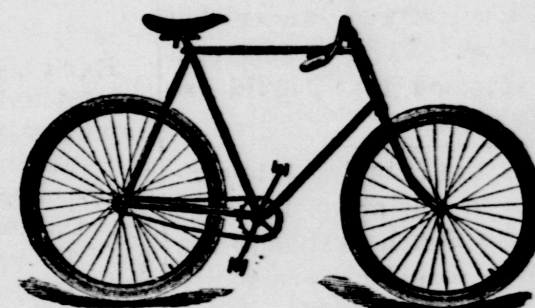

BECAUSE: They are too popular.
BECAUSE: The demand for the Waverley is too great and they are afraid to put their own goods along side of it,

BECAUSE: The superior excellence of this wheel would knock them out of hundreds of good sales.

BECAUSE: We have the unheard of audacity to announce the facts concerning the grade of our wheels in plain English.

BECAUSE The Waverley is too good for the money---and many other reasons.

Isn't it rather strange that the great "Sell my goods and none other," was at times ready to yield a point and permit his agents to take on any other line but the Waverley? What does it signify? That the Waverley is the best wheel? Certainly! No other meaning can or will be accepted by the agents and their friends. Didn't the mechanical expert, sent by the Chicago Times, select the Waverley as the highest grade wheel in the Chicago Show? Didn't the dealers testify to its merits in actions that spoke louder than words, by keeping the Waverley booth crowded from 9 o'clock Monday morning till 11 o'clock Saturday night? Did not The Waverley People book more contracts than any other exhibitor in the Chicago Show?

Stop and consider three things, dear reader.

1st—The only bicycle that is actually boycotted by the exclusive contract deal, is the Waverley.

2d—The Waverley was picked out from among the 1,500 bicycles on exhibition as being the highest grade machine in the Chicago Show, by a mechanical expert in the employ of one of the great Chicago Daily Newspapers.

3d—That twice as many dealers visited The Waverley booth as any other in the Chicago Show and that they booked twice as many orders as any other concern represented.

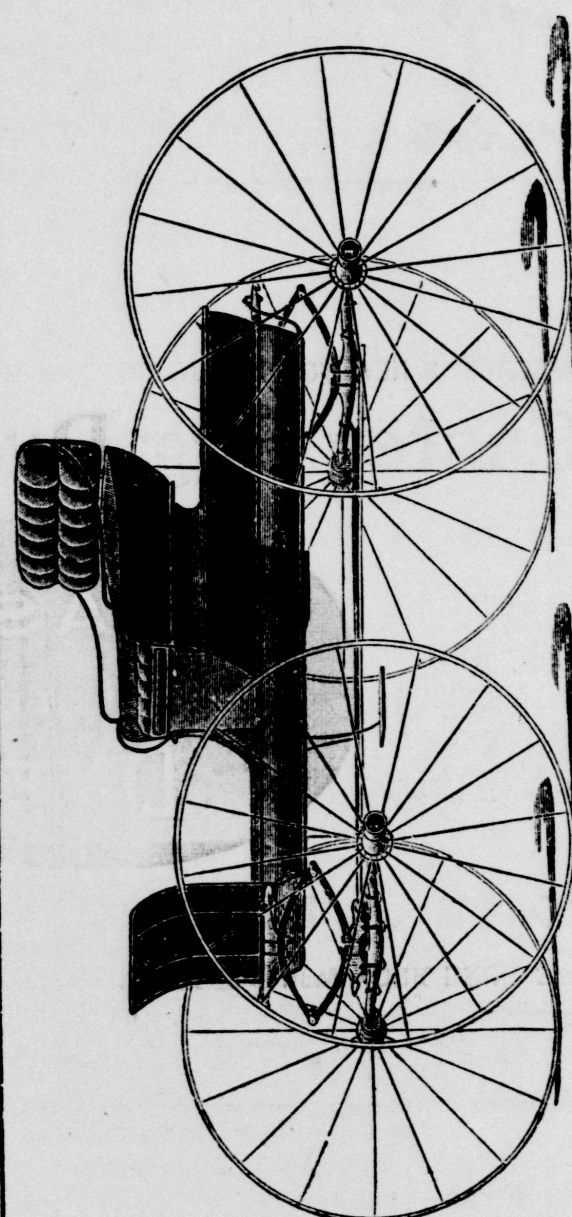

What does it all mean?

That the Waverley is the Highest of All High Grades. For Sale by

CANVASS THE VOTE AND THEN ADJOURN

COUNCIL WILL NOT DO MUCH
ELSE TONIGHT.

Some Unfinished Business May Come Up But There Will Be Little, If Any, That Is New—One More Meeting to Be Held—General News From the City Streets.

The common council will assemble in regular meeting this evening at the city hall. The principal business to be attended to at this meeting is the canvassing of the vote of the late election and clearing the table of matters which have been laid over from time to time during the year. There will probably be no new business brought forward by the members of the present council. Another meeting of the present council will be held, probably on next Monday evening, for the purpose of approving bonds of the new officers, and attending to any matters that may not be disposed of at the meeting this evening.

A NUMBER of Indians were in the city this morning, coming from Adams county. They had about two hundred dollars' worth of raw skins in their possession. J. A. Young, the well known fur dealer from Brodhead, met them here, and escorted them to that city, where a deal for the furs will be made.

Mr. and Mrs. Stanley Rutter, 215 North Bluff street, celebrated their wooden anniversary Saturday, by having about thirty of their friends to spend the evening. A bountiful supper was served and many valuable presents were left for remembrance.

PICKWICK trousers are out especially for the hard to fit man. Are you built like any of the pictures in our display ad? Look it up and see. If so come in and see the Pickwick trousers. Prices from \$3 to \$5. Ziegler.

THE King's Daughters of the Congregational church held a very interesting meeting Saturday afternoon, at the home of Miss Mae Cunningham. A fine of one cent was imposed on those who were not present.

LOUIS KNIPP, who has been in Colorado Springs for some time past for his health, arrived home yesterday afternoon. Mr. Knipp spent a week visiting his relatives at his old home in Onaka, Kansas.

MANAGER WILLITZ and Electrician Schott left this morning for Orfordville where they will put in a telephone line, to be connected with the Monroe and Brodhead circuit.

RECEIVED this morning, a dozen new pattern hats that were delayed in shipping. Should have been here for our opening. The very best hats, latest styles; will go cheap. M. A. Morrisey & Co.

A. W. FULTON of Pittsburg and Mrs. W. H. Fulton of Rock Grove, Ill., are visiting in the city, the guests of Mr. and Mrs. J. U. Fulton, No. 6 South River street.

WHEN in doubt what to buy come to us. We will try to make you a permanent customer. It will be for our interest to be generous with you. Brown Bros. & Lincoln.

CHARLES STEARNS, formerly of this city, but now master mechanic of the Fond du Lac and South Oshkosh Northwestern shops, was in the city yesterday.

CHARLES BRINK, city marshal of Evansville, was in the city Saturday afternoon on his way to Brodhead, where he will visit his wife's relatives.

A NUMBER of the University boys who have been spending their vacations at their homes, passed through the city last evening on their way to Madison.

MRS. M. M. PIERCE, who has been visiting in the city the guest of Mr. and Mrs. Sherman B. Phelps, left this morning for her home in White-water.

MISS CLARA SMITH, who has been visiting in the city the past week the guest of Miss Cora McKenzie, left last evening for her home in Evansville.

MRS. H. GARBUTT and daughter Sara left this morning for Delavan where she will spend a week visiting Mrs. Garbutt's sister, Mrs. F. Young.

THE railroad hotel is undergoing extensive repairs and is being remodeled throughout. Mr. Holt is bound to make it a first class hotel.

HARRY KELLER, who represents the Hartford Steam Boiler Insurance Co. left this morning for Mineral Point on a short business trip.

SHEPHERD SHERIDON returned to his studies in Madison last evening, after spending his vacation with his folks in this city.

CAR CASE IS TAKEN TO CIRCUIT COURT

PREJUDICE OF JUDGE PHELPS
THE ALLEGED REASON.

Defendants Are Required to Give \$1200 Bonds to Appear at the April Term of Court or Go To Jail—\$500 Sureties Are Required of Some of the State's Witnesses.

The case of the alleged Northwestern car burglars—James Franklin and Robert Crowley—took a new turn when the defendants were brought in to the municipal court to witness the drawing of the jury to try the case. Attorney William Smith, who appears for the defendants, filed the affidavits of Franklin & Crowley asking for a change of venue to the circuit court on the ground of prejudice of Judge Phelps. The case was held open until this afternoon, when the change of venue was granted, the defendants being required to give bail in the sum of \$1,200 each to appear on the first day of the April term of the circuit court, in default to stand committed to the county jail. Several witnesses on the part of the state were also required to give bond in the sum of \$500 to appear at the trial in the circuit court.

The case of the state against Flynn, another of the alleged car burglars, was adjourned until 10 o'clock tomorrow morning. In the meantime Sheriff Appleby will select a jury from the body of the county. It is expected that Flynn's trial will get underway some time during the day.

CITY SCHOOLS ARE OPEN AGAIN

Three Teachers Were Indispensable and Substitutes Took Their Places.

The spring term of the city schools opened this morning with three teachers on the sick list, Miss Lou Carpenter, sixth grade Jefferson school, Miss Edna Hill, seventh grade Jefferson school and Miss Amy Bowles, first grade Washington school. Miss Bowles is detained by sickness in Chicago, she being on a visit with relatives in that city. The vacant places have been filled with substitute teachers. The spring term will continue for eleven weeks.

JUDGE SLOAN DIED SUNDAY MORNING

WELL KNOWN JURIST ANSWERED THE FINAL CALL

He Had Been Lying at the Point of Death For Some Days Past With Pneumonia—Sketch of His Distinguished Life—His Brother, Hon. I. C. Sloan Notified by Telegraph.

Judge A. Scott Sloan died at 4 o'clock Sunday morning at his home in Beaver Dam, the intelligence reaching Janesville in the form of a dispatch to Henry S. Sloan. A message was at once sent to Hon. I. C. Sloan who is now in Florida, and the sad news will be a great shock to him as there is seldom so strong a love between two brothers as that existing with these two. They were only sons and both being in the practice of the

JUDGE A. SCOTT SLOAN.

law, they often advised with each other. The announcement of the death of Judge Sloan will be a painful surprise to many Janesville people, as the dead jurist was well known here and has frequently held court for Judge Bennett.

Judge Sloan was taken ill Monday. It is thought he might have survived this attack of pneumonia were it not for the fact that he was completely broken down by overwork. His wife died two years ago.

The Hon. A. Scott Sloan has been a conspicuous figure in Wisconsin history for forty-five years. He has held many offices of honor and trust, and his passing away will be the occasion of regret from many who knew and admired him personally, as well as from the people generally who valued his services as a public man. He was born at Morrisville, N. Y., in 1820, and received a common school and academic education. He studied law and was admitted to practice in 1842. His father was an eminent lawyer and his brother, I. C. Sloan has for many years been recognized as one of the ablest men at the Wisconsin bar. Judge Sloan's son, Assemblyman Henry C. Sloan of Superior, is also a lawyer of ability.

Married in 1843.

Judge Sloan in 1843 married Miss Angeline M. Dodge, daughter of a Presbyterian clergyman at Cazenovia, N. Y. He came to Wisconsin in 1854, and settled at his present home in Beaver Dam, where he has always been engaged in the practice of law, except when engaged in official duties. There have been numerous public calls upon his services, however. In early life he was a Henry Clay whig. In 1872 he supported Horace Greeley for the presidency, and since that time has been recognized as a liberal democrat.

He was county clerk of Madison county, N. Y., from 1847 to 1849. He served as a member of the Wisconsin assembly in 1857, and was appointed judge of the Third judicial circuit by Governor Randall in 1858. He was mayor of Beaver Dam and in 1860 was defeated for the office of chief justice of the supreme court, but was elected to congress, serving from 1861 to 1863. From 1863 to 1866 he was clerk of the United States court, and in 1869 was elected county judge of Dodge county. He served two terms as attorney general of Wisconsin from 1873 to 1877, and was again elected circuit judge in 1882. After serving two terms he was re-elected in 1894. Defended the Potter Law.

While attorney general the Potter law against the railway interests was tested in the supreme court upon the question of its constitutionality. Against the famous legal firm of Curtis, Evans & Hoar, who were retained by the railway companies, Judge Sloan carried his case to the supreme court.

Judge Sloan, by reason of the proximity of his district—which included the counties of Waukesha, Dodge, Ozaukee and Washington—to the city of Milwaukee, was frequently called upon to sit in the Milwaukee courts. Thus he presided at the famous trial of Paul Grottkan, the socialist leader, which followed the Milwaukee riots of 1886. He also presided at the trial of Milwaukee's defaulting librarian three years ago.

Judge Sloan was one of the tallest men in the state of Wisconsin, and his striking personal appearance attracts attention wherever he goes. He was of the most approachable of men, and is uniformly courteous to everyone with whom he came in contact. His knowledge of the law and his ability as a presiding judge was acknowledged by all.

DR. HORNE WAS BORN IN LEEDS
He Did Not Come To Janesville To Live From Southampton.

The many friends of Dr. William Horne have been twitting him a good deal today on his being a "Yorkshire man from Southampton." The doctor was born in Leeds, Yorkshire, and removed to Southampton when very young. From there he went to Salisbury, Wiltshire, where he resided some time. He sailed from St. Catherine's docks for America on Sept. 15, 1851 and came direct from New York to Chicago. He arrived in Janesville in the spring of '61 with \$10,000 in gold in his possession, which resulted in his being dubbed the "gold man."

REV. V. E. SOUTHWORTH MAY PREACH HERE

ALL SOULS CONGREGATION EXTEND HIM A CALL.

He Will Not Announce His Decision Until Next Week—His Former Residence Was Ware, Mass., But Says He Likes Janesville Very Much—Will Preach Next Sunday.

All Souls Society took steps to secure a new pastor for their church Sunday, when a call was extended to Rev. Victor E. Southworth of Ware, Massachusetts. Mr. Southworth conducted services in All Souls church yesterday morning, and the call was extended soon after church services. "I have not replied to the call," said Mr. Southworth to a Gazette reporter this morning. "I will notify the society in a few days whether I can accept or not, but probably not until Sunday next will my decision be made known. I like Janesville very much and think I would be satisfied to become a resident of this city."

Mr. Southworth will conduct the services at All Souls church next Sunday morning. He is a young man, with his whole heart and ambition engaged in the work, and should he decide to accept the pastorate of All Souls, he will be cordially welcomed by all. All Souls has been without a pastor since the retirement of Rev. Mrs. Gibbs several months ago. The trustees and society having been looking around to find a pastor who would be acceptable, and finally have unanimously decided on the action which resulted in calling Mr. Southworth.

A Good Indication.

No practitioner in any of the professions, can year after year, do business in any locality without inspiring confidence by reason of his success or else proving that his pretensions to skill are groundless, and the best evidence that Dr. Brewer is a skillful physician, is to be found in the fact that for many years he has visited various localities in this state—and each year his reputation for success has been growing brighter. There must be merit to command such confidence. Dr. Brewer will be at the Park Hotel in this city on Monday, April 8.

WALLS ARE COVERED WITH WORKS OF ART

EXHIBITION OF PAINTINGS
OPENED TODAY.

There Are Two Hundred Pictures From the Studios of Famous Artists and The Lot Are Valued at \$30,000—Display at the Windsor Hotel—Some of the Canvasses Shown.

Janesville's first exhibition of fine paintings opened this morning at the Windsor Hotel under the auspices of the Janesville Art League. About two hundred paintings are shown, and the value of the exhibit is \$30,000. This number is considerably larger than had been expected, as it was thought that only a portion of the Minneapolis exhibit would be sent here. Instead, however, the entire display was sent to Janesville. Several of the paintings shown were on exhibition at the World's Fair, and some of them are for sale. Among the most noted ones are:

F. W. Benson, New York city, "Fire Light," "Before the Ball," "Portrait in White," "Figure in White," "Spanish Girl," "Landscapes."

Alice Kellogg Tyler, Chicago, "The Mother."

Robert Rascovich, Rome, Italy, "A Town in Rome."

Theodore Robinson, New York City (formerly a Rock county resident) "Port Ben," "Girls Sewing."

Oliver D. Grover, N. Y. City "Manufacturers' Building at the World's Fair," "On the Island."

Emma E. Lampert, New York City, "Behind the Dunes."

Robert Heure, artist, New York City, "A Wet Day Atlantic City," "A Sunny Day Atlantic City."

Charles Francis Brown, Chicago: "Paddling Westward Wisconsin," "Low Tide at Blodwaterford, Aran Scotland," "Fishing on the Banks of the Oise in France."

F. C. Gottwald, New York City: "Plowing the Battlefield," "Back of the Village," "Character Sketch of a Negro."

J. W. Gies, New York City: "Path to the Well."

The officers of the league, under whose auspices the show is held are: President—Mrs. E. Tanberg. Vice President—Mrs. J. F. Penter. Treasurer—Miss Charlotte Prichard. Secretary—C. Dixon. The pictures will be on exhibition all the week and should be seen by all art lovers. The admission fee is very low and the money raised will be used to pay the expenses of the show and the insurance on the paintings.

BABY CONTEST OPEN
BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock
County Building Loan and Savings
Association Will be Given the Win-
ner June 1—Value at Maturity Is
\$500 and It Is Non Assessable.

The polls for The Gazette contest
for the babies is now open and the
ballot will be found at the close of
this article and will run until June
1, when the contest will close.
Much interest is centered
in The Gazette's offer to present the
baby who gets the highest number of
votes with \$500 worth of stock in the
Rock County Building Loan and Sav-
ings Association. It is a prize worth
getting, for naturally it will be worth
just half a thousand dollars. That
will be a nice nest egg if kept at inter-
est after maturity until the child be-
comes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons
necessary to play upon it.
It is more than many people are
able to save in a life time.

Of course all the mothers and fathers
want it for their babe. How to
get it is told below:

The polls opened this morning
and will remain open until June 1.
The baby that receives the most bal-
lots in that time will receive a certi-
ficate calling for these five shares of
stock. There are no dues to be paid,
no assessments to be met, no install-
ments to provide for. The stock
stands for \$500 in cash and on its matur-
ity, which will be in
nine and one-third years,
the money will be ready. The prize
is a handsome one—it is well worth
winning and the conditions of the
ballot are as follows:

From March 1 until June 1, a cou-
pon will be printed in each issue of
The Gazette.

Any one, anywhere in any state is
entitled to vote as often as they buy a
copy of The Janesville Gazette con-
taining the above ballot.

Cut the ballot out (trimming on the
dotted lines.) Write in the name of
your candidate and enclose same in an
envelope addressed to Ballot Editor,
Gazette, Janesville, Wis.

Only one person can be voted for on
one ballot.

The baby who receives the largest
number of votes will receive five shares
of stock in the Rock County Building
& Savings Association, cash value,
\$500 at maturity.

The contest will close June 1 at 9
p. m., and the stock will be delivered
as soon as the count of votes is com-
pleted.

Any non-subscriber who will sub-
scribe for The Gazette and pay in ad-
vance will be entitled to the following
number of ballots:

New subscriber paid in advance one
month, 100 votes.

New subscriber paid in advance two
months, 250 votes.

New subscriber paid in advance six
months, 900 votes.

New subscriber paid in advance one
year, 2,000 votes.

Each new subscriber who pays in
advance and casts the number of votes
specified is also entitled, of course, to
cut coupons from the paper from day
to day and vote in the regular man-
ner.

No person will be allowed extra
votes for stopping his paper and hav-
ing it sent to another name at the
same address.

In every instance they must be bona
fide new subscribers.

No person will be allowed to stop
his paper on Monday and start it again
Tuesday and claim the premium of-
fered.

No votes can be transferred from
one candidate to another after being
registered in this office.

Candidates must not be more than
three years of age March 1, 1895, and
must live in Janesville.

THE BALLOT.

The Publishers of "The
Janesville Gazette" will give
5 Shares of stock in the Rock
County Building, Loan & Sav-
ings Association to the Baby
who receives the largest num-
ber of ballots.

The Stronghold of Health

Is soon carried by the assaults of malaria, but
if Hostetter's Stomach Bitters is employed as a
bulwark against the disease, absolute safety is
attained. The most virulent forms of disease
bred by miasma, tainted air and water, soon
yield to the creative and constructive influence of
this efficient safeguard, which fortifies the sys-
tem as no other medicine up to
date has ever done. It counteracts a
tendency to rheumatism, neuralgia and kidney
complaints, overcomes indigestion, nervousness,
constipation and liver troubles, improves the
appetite and promotes digestion. Taking for all
in all, it is probably the most useful family rem-
edy in existence, and is popular as well as effec-
tive. Use it systematically, not at irregular in-
tervals.

If the Baby is Cutting Teeth,
be sure and use that old and well tried remedy,
Mrs. Winslow's Soothing Syrup for children
teething. It soothes the child, softens the gums,
allays all pain, cures wind and colic, and is the best
remedy for diarrhoea. Twenty-five cents a bot-
tle.

GLASS DECORATION.

New Process Discovered in Switzerland
Which Produces Beautiful Results.

Some beautiful effects in the orna-
mentation of glass are now produced
by Gorlitz of Zurich, his method in
this kind of work being, it is claimed,
a decided improvement in the art.
The design is first engraved on a
printing plate of rubber, positively—
that is, in the same way as that in
which it will be afterward seen, and
the plate is coated then with varnish
color and pressed upon a glass plate;
the latter is strewn with bronze
powder, sheet aluminum, or other
suitable material, the portions form-
ing the design remaining empty,
and being, therefore, transparent.
At this stage the glass
plate is placed in a frame having a
backing of strong paper board, on
the front of which is mounted a bril-
liant sheet of tinfoil or tin plate,
provided with prominent squares in
suitable positions. The design is
thus shown by a brilliant reflected
light through the transparent part of
the glass, its other portion forming a
backing stamped in relief.

Heretofore, raised enameled writ-
ing and designs in relief on glass have
been produced by means of a brush
and thin enamel paint, but Gorlitz
uses stencil plates of tinfoil or other
flexible material and a glass powder
composition made up to the con-
sistency of molasses, with turpentine
and "glaze."

He Sent a Cipher Message to the Dorellet.

A man who looked like a Texas
ranchman came into the Astor house
in New York the other day and aus-
tremely demanded of the young woman
who presides over the telegraph desk:
"Any objection to this message?" "I
don't know what it means," said she
doubtfully. "You don't need to know
what it means. You just send it
along. That's a cipher message, that
is, and the man who gets it can read
it." The message went on the wire
to the great satisfaction of the sender,
who turned away with a grin. He
repeated the message later to a group
of men with manifest delight. It
read as follows: "Blank your blankety
blank blank. Why don't you ship
those steers?"

A Little While.

I sometimes go into a sick chamber
where the "prisoners of Jesus Christ"
are suffering, with no prospect of re-
covery. Perhaps the eyes of some of
those chronic invalids may fall upon
this article. My dear friends, put under
your pillows these sweet words of Jesus
—"a little while." It is only for a little
while that you are to serve your Master
by patient submission to His holy will.
That chronic suffering will soon be
over. That disease which no earthly
physician can cure will soon be cured
by your divine physician, who, by the
touch of His messenger, will cure you
in an instant, into the perfect health
of heaven! You will exchange this
weary bed of pain for that crystal air in
which none shall say, "I am sick,"
neither shall there be any more pain.
Not only to the sick and to the pov-
erty-stricken child of God do these ten-
der words of our Redeemer bring solace.
Let these words, "a little while," bring
a healing balm to hearts that are smart-
ing under unkindness, or wounded by
neglect, or pining under privations, or
bleeding under sharp bereavements. I
offer them as a sedative to sorrows and
a solace under sharp affliction—"a little
while and ye shall see me," and the
sight of him shall, in an instant, wipe
out all the memories of the darkest
hours through which you made your
way into the everlasting rest.

Living at Our Best.

Do not try to do a great thing; you
may waste all your life waiting for the
opportunity which may never come.
But since little things are always claim-
ing your attention, do them as they
come, from a great motive, for the
glory of God, to win his smile of ap-
proval, and to do good to men. It is
harder to plod on in obscurity, acting
thus, than to stand on the high places
of the field, within the view of all, and
to do deeds of valor at which rival
armies stand still to gaze. But no such
act goes without the swift recognition
and the ultimate recompense of Christ.
To fulfill faithfully the duties of your
station; to use to the uttermost the
gifts of your ministry; to bear chafing
annoyances and rival irritations as
martyrs bore the pillory and stake; to
find the one noble trait in people who
try to molest you; to put the kindest
construction on unkind acts and words;
to love with the love of God even the
unthankful and evil; to be content to
be a fountain in the midst of a wild
valley of stones, nourishing a few
lichens and wild flowers, or now and
again a thirsty sheep, and to do this
always, and not for the praise of man,
but for the sake of God—this makes a
great life.—F. B. Meyer.

CURES OTHERS

For Severe, Lingering Coughs, Weak
Lungs, Bleeding from Lungs, Bronchitis,
Asthma, and Consumption, in its early
stages, Dr. Pierce's Golden Medical Discov-
ery is a sovereign remedy. It not only
cures the cough but also builds up the
strength and flesh of those reduced below
a healthy standard by "Wasting Diseases."
Will not make fat folks more corpulent.

B. F. WILEY, of Box
Elder, Connors Co.,
Vt., writes: "I had
bronchitis for twenty
years and over, and I
could not work with-
out coughing so hard
to take all my strength
away. I took five bot-
tles of Dr. Pierce's
Golden Medical Discov-
ery, and give you my
word and honor that
I can do any work that
there is to do on my
ranch without cough-
ing. I have not taken
any of the Golden
Medical Discovery for
a year."

MR. WILEY.

SSS

Miss Della Stevens, of Boston, Mass., writes: I
have always suffered from hereditary Scrofula.
I tried various remedies, and many reliable phy-
sicians, but none re-
lieved me. After taking
six bottles of S.S.S. am
now well. I am very
grateful to you, as I feel
that it saved me from a
life of untold agony, and shall take pleasure in
speaking only words of praise for your won-
derful medicine, and in recommending it to
all who are afflicted
with this painful disease.

FOOTBALL FOR WOMEN.

Members of the New English Club Wear the Regulation Garb.

Although our English cousins are fond of attributing all startling innovations to America, a large proportion of fads and freakish follies are of British parentage, perfunctory Alibion showing herself capable of going one better in unnecessary unconventionalism in spite of the fact that poker is our national game. Indeed but for the English origin many an absurd freak of fancy would be ignored here as too trivial to be worthy of notice. For instance, no art student in America 20 years old who displayed such unblushing ignorance of the common laws of drawing and pictorial composition as does Mr. Aubrey Beardsley would have succeeded in emerging from his native obscurity far enough to require the services of an engraver, much less a newspaper critic, until he had seriously applied himself to learn the rudiments of his chosen profession. However,

STREET GOWN.

this is aside from the matter in hand, which is that the latest demonstration of "emancipated woman" — a detestable phrase, by the way — in England is a football club. Lady Florence Dixie is its president and a Miss Honeyball its captain. The members wear the regulation garb for the game and take the whole affair with the same astonishing seriousness with which men regard the so-called pastime. That football may in the individual case be entirely serious can be denied by nobody who reads the list of casualties in the papers, but that in itself it is of sufficient importance to rank among the professions which "advanced" women desire to open to their own sex is rather surprising news. If some nobly born English woman will now step to the front as a prizefighter and without gloves make good her sex's claim to the freedom of the ring, American women, who have hitherto sensibly laid claim to the same privileges as men only in matters where equality is less easily disproved than in feats of physical strength, may be induced to abandon their position and court defeat in hand to hand conflict.

Football suits being not yet a feature of fashion, a sketch is given of a street gown of azure cloth. The foot of the skirt has two quills of guipure fastened by a black satin choux at the top. The plain round bodice is trimmed with revers and yoke in one of guipure, the belt and choux being of black satin, as is the collar.

JUDIC CHOLLET.

THE ART OF THE COIFFEUR.

"Woman's Glory" Must Be Arranged to Suit Her Style as Well as Fashion.

The celebrated hairdresser Lefebvre defined thus in the year 1775 the art of the coiffeur:

"To modify into agreeable forms the long filaments which nature seems to intend rather as a veil than as a crown; to secure for these forms a stability of which the tresses which compose them do not seem susceptible; to give to abundant locks a regular disposition which banishes confusion and to supplement scanty ones in a way to defy detection; to adapt the arrangement to the countenance which it is to soften or emphasize; to set off delicate faces by a light coiffure and to increase the effect of majestic features by a suitably grave one; to conceal defects of facial form by skillful contrast or harmony—to perform all these wonders with no other resources than a comb and tinted powder."

COIFFURES.

ders is to be an artist." And again: "It is necessary that the hairdresser should at sight of a face divine at once the style best suited to it, and that a woman, while appearing to wear her hair in the prevailing fashion, should be dependent for this appearance rather on her expression of face than on the actual arrangement of her locks."

In these days the hairdresser's resources have been reduced by the disuse of powder, although perhaps this loss is made up for by the increase in the number of chemical washes invented. The same august authority already quoted says that "the coiffure should servilely follow the mode still less than the gown," and that every physiognomy should be set off by the style best suited to it, since the arrangement of the hair influences the appearance more than anything else.

Plain and symmetrical coiffures are those best adapted to regular and calm profiles, while brighter and more fanciful ones are to be employed by women with mobile and varying features. The bandeau suits only the Madonna type of face, while careless locks the charm of an animated and coquettish countenance.

Head Work.

Tapper—So you don't altogether like the new pastor's sermons, eh?

Dapper—No. They are too profound. They necessitate too much head work.

Tapper—Quite true. I noticed you were nodding through his entire discourse yesterday.—London Globe.

SIX O'CLOCK.

WEARY WOMEN WATCH FOR THAT BLESSED HOUR.

Help for our Working-Girls and Women Near at Hand.

[SPECIAL TO OUR LADY READERS.]

At the stroke of six ends the day's work at stores, offices, factories, mills, where women are employed. But their necessary work at home, sewing, mending, etc., must be done after that time, and "their work is never done."

All women work; some for ambition, some for economy in the household, but the great mass of women work for their daily bread. All are subject to the same physical laws; all suffer alike from the same physical disturbances, and the nature of their duties often quickly

drifts them into the horrors of all kinds of female complaints, ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhoea, and perhaps irregular or suppressed "monthly periods," causing severe backache, loss of appetite, nervousness, irritability and weakness.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and cures displacement.

Backache, dizziness, fainting, bearing-down, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled. Write Mrs. Pinkham about your trouble.

You can tell the story of your pain to a woman, and get the help that only woman can give. Mrs. Pinkham's address is Lynn, Mass.

DR. P. H. SHARP,

The Most Successful Specialist in All Nervous, Private and Chronic Diseases of Men and Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments.

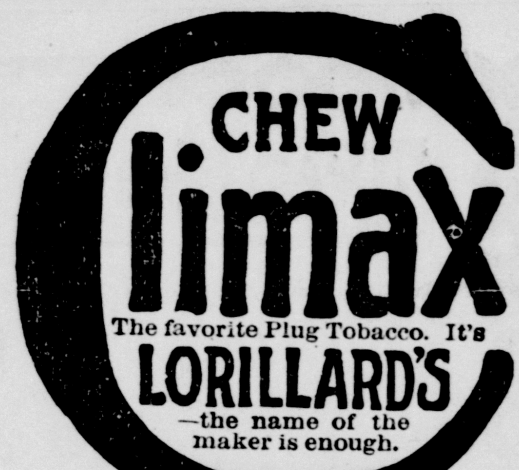

Leucorrhoea, Painful Menstruation, Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

FREE TREATMENT.

For one week, commencing Thursday, April 4, Dr. Sharp will give free treatment to all patients till they are cured.

Wood Loaded to Catch Thieves.

Pawnee City, Neb., April 8.—Mrs. Fred Taggart was preparing supper last evening when the stove exploded. She and her child were hit by flying pieces of iron. Wood was being used in the stove and was supposed to have been loaded with powder, having been purchased from a wood yard company that had been missing wood and was trying to catch the thieves. By mistake the wood was sold to Mr. Taggart. The explosion was heard several blocks away. The ceiling of the room was damaged considerably by flying stove tids.
